

Applications of Fabric and Algorithm

2016.11.28 (Mon) 16:00
#219 Chung Moon Soul B/D

1st Speaker

Jiyeon Bu

Nanosensuating Systems Laboratory at KAIST
Prof. Young-Ho Cho

“Lab on a Fabric: Mass Producible
and Low-cost Fabric Sheets for
Circulating Tumor Cell isolation”

2nd Speaker

Hyungsup Lee

Neural Engineering Laboratory at KAIST
Prof. Yoonkey Nam

“Application Study of Smith-Waterman
Algorithm onto Synchronized Network
Burst Analysis”
